

All Creation Worships Your Glory

Verse 1

In the wind upon the mountains
In the whisper through the trees
In the water's calm there is a song
All creation on its knees

Verse 2

The waterfalls are praising
As the streams lift up their voice
The rocks and sky praise You on high
For You made them to rejoice

PreChorus

Every bird and bear, every towering tree
Lifts a chorus to You in this praise symphony

Chorus

From mountain high to valley below
All creation worships Your glory
Oh let my life your praises show
To worship Your holy Name

Verse 3

From the chill of early morning
To the quiet of the eve
Through all my days I'm called to praise
The One who died for me.

Verse 4

O Lord let my life sing
Like the mountains and the trees
Let me worship you in all that I do
Your new creation be

PreChorus 2

With the birds and bears, and the towering trees
Let my life lift to you this praise symphony

Chorus

From mountain high to valley below
All creation worships Your glory
Oh let my life your praises show
To worship Your holy Name
