

# Under Construction

1 Peter 2:5

## Verse 1

Hammer and nail, brick and stone  
I'm living in a construction zone  
Digging, sawing, pounding, drilling  
All of this is part of building

But the project that the work is for,  
That the Builder oversees,  
Is the life that I live everyday  
The construction zone is me!

## Chorus

God at work! I'm under construction  
And He's not finished with me yet.  
God at work! I'm under construction  
He builds me up to be like Him.  
God at work! I'm under construction  
In a house of living stones.  
God at work! I'm under construction,  
I'm a living construction zone.

## Verse 2

Worshiping, serving, loving, praying  
Listening to what God is saying,  
Honoring Him in all my choosing,  
These are the tools the builder is using.

As He builds us into a holy house  
We are chosen living stones  
For we are built upon the rock  
Jesus Christ, the cornerstone.

## Bridge

He's a carpenter on a cross of wood  
A mason rolling away the stone  
A plumber piping living water into our thirsty souls  
Electrician turning on the Light  
A welder joining us as one  
This is the Builder, Jesus Christ,  
And He's only just begun!
