

From the Depths

C F C F C F C F

C F C
"Use me, Lord" are such easy words to say

F C G
When life is good and blessings flow my way

Am G
But when You call me to proclaim

Am G
In my deepest, darkest pain

F G
I know my strength alone won't get me through

C F C Am
From the depths I cry to You

F C/E G
Show me, Lord, what you want me to do

F G
Lift me up and help me stand

Em Am
When I fall, take my hand

F C G
And carry me when I'm too weary to go on

F G
Touch my heart and calm my fears

Em Am
Let me know that You are near

F Am G
Wrap your arms around me tight

C F C F C F C F
It's gonna be alright

C F C
Let me kneel with You in the Garden

F C G
Help me pray the words that You prayed

Am G
If there is no other way

Am G
Help me not to be afraid

F G
Not my will, Lord, but Your will be done
