

Here I Stand

Verse 1

I hear so many voices around me
And they say I'm a fool to believe
To build my life on stories from so long ago
But I hear Your voice in the whisper
And it's speaking to me today
And it gives me strength to find my feet
To lift my voice to say

Chorus

Here I stand
I stand on Your Word
I stand on the truth that can be never be broken
Here I stand
Standing by grace
Holding on to ev'ry promise You have spoken
Here I stand
I cling to Your cross
I know that in You I can bear any loss
For when I stand,
Stand on Your Word
I'm standing with you
So Here I stand

Verse 2

You speak to me in all my fears
And give peace in all of my grief
Your Word is wisdom when I've lost my way
You speak to me Your endless love
Your cross and empty grave

Your Word has power to change my life
Your Word has power to save

Bridge

Your Word is Alive
It speaks to me
Your Word has feet
It runs after me
Your Word has hands
It lays hold of my life
Your Word is Truth
For the Word is You

Chorus

Here I stand
I stand on Your Word
I stand on the truth that can be never be broken
Here I stand
Standing by grace
Holding on to ev'ry promise You have spoken
Here I stand
I cling to Your cross
I know that in You I can bear any loss
For when I stand
Stand on Your Word
I'm standing with you
So Here I stand
